Semester schedule master's programm Sustainable Tourism Management
Summer term 2023 (as of: March 21st, 2023)

Notes:

Unless otherwise noted, classes will be held from 09:30 - 15:15.

On the days when there is a language offer (usually Wednesdays), classes end at 14:00.

Further information about the modules can be found in the corresponding learning rooms in Moodle or the lecturers will inform you by email.

* = The colloquium consists of several parts:

- 1) Seminar Research Process and Exposé (27.-31.03.)
- 2) Consultation appointments with Prof. Brözel on specialized topics
- 3) 6 joint discussion dates Exposé
- 4) Lecture on professional conferences and publication opportunities (05.05.23 by Prof. Brözel)

** = The elective module "Field trip planning" had to be selected already in summer term 2022 for winter term 2022/23, because it extends over two semesters. It is then also obligatory to enroll in the elective module "Field trip", since the organizers must participate in the excursion as tour guides.

*** = Current dates of the project presentations of the class of 2021 you find in: EMMA+/ Hochschulportal.

Link: https://emmaplus.hnee.de/ag/ntm/Masterarbeit/05_Pr%C3%A4sentation_Master_und_Projektarbeiten

Note on other possible elective modules:

In addition to other elective modules offered by other study programs of the HNEE (see excel list on website), which you can choose during the election phase via EMMA+, elective modules from partner universities can also be recognized as "special elective modules". However, the content should be related to the master's programme. The decision on the recognition of modules is made by the program director.

If you are interested in this option, please submit your proposal during the election period to the director of the study program, who will give you feedback on the possible recognition.
