

**Eberswalde University
for Sustainable
Development**

Grant for student parents (Zuschuss für studierende Eltern: ZusE)

Status October 2022

For financial support, parents who are studying at the Eberswalde University for Sustainable Development (HNEE) can apply for a grant from the Family-friendly University every winter semester. The amount of the respective subsidy is calculated from the total number of subsidies applied for and approved as well as from the budget of the Family-friendly University. There is no entitlement to payment of the grant for student parents.

Please note that one share is paid out per person.

Example:

One parent studying at the HNEE with one child	=	2 shares
Both parents study at the HNEE, one common child	=	3 shares
One parent studying at the HNEE with three children	=	4 shares

The application form must be completed in full and signed **from 1.9. to 25.10. of each year** (cut-off period) and submitted to the Family-Friendly University either by e-mail¹ or by post². If your child/children were born between 1 October and 31 December of the current year, the application can be submitted until one month after the birth. Subject to the availability of funds, these applications will then still be considered. In this case please contact us early with the expected date of birth.

The following documents must be attached to the application (scan or copy):

- Current enrolment certificate(s) for the respective winter semester
- Birth certificate(s) of the child(ren)

For data protection reasons, your details and documents may not be stored by us and serve only to verify the payment requirements. We ask for your understanding that we need these data again with each application.
